1. Program

1.1 Program Statement:

Before- and After-School in Manor Park, operated by Manor Park Community Council (MPCC), provides licensed child care programming which views children, educators and families as competent, capable of complex thinking, and rich in potential. In order to ensure high quality experiences that result in positive outcomes for a child related to learning, development, health and well-being, our program is guided by 'How does Learning Happen? Ontario's Pedagogy for the Early Years (2014)' (HDLH), and the associated regulations. The programs goals and expectations integrate the six guiding principles of 'Early Learning for Every Child Today' (ELECT) with a focus on child-centered, exploratory, and play-based learning.

OUR PROGRAM

With the belief that each child is a unique individual who brings their own abilities, Educators plan a program that positively stimulates the interests and development of the children. Activities are provided that meet the developing needs for all of the children in our care. Alterations are made to the environment and the program based on observed changes in developmental needs and interests.

Children make their interests known in a variety of ways. To discover those interests the educators observe, listen and talk with the children and document their interactions. The educators use this information to plan programming that offers the encouragement and space to explore new materials, hypothesize and foster the expansion of children's creativity thus furthering their interests. Through play-based learning, the educators follow the lead of the children as they develop the skills needed to expand their abilities as well as their knowledge and understanding of their world. Our program builds on the interests of the children, supported by educators, in order to provide a stimulating and engaging environment that enhances children's natural sense of curiosity.

Implemented into the program is a balance of opportunities that consider the needs of the group along with individual needs of children. Daily gross motor play is offered outdoors in the playground, the community center's splash pad, sports fields, tennis courts and skating rink as well as indoors in the school's gymnasiums. Indoor activities include structured group activities, free exploration of materials and a weekly art instruction period. Each programs environment is set up to encourage the children to challenge their abilities, expand their interests and develop relationships with a designated space for rest and quiet time.

CHILDREN ARE COMPETENT, CAPABLE, CURIOUS AND RICH IN POTENTIAL

Our goals for children, consistent with the Ministry of Education's pedagogy, include the following:

- Every child has a sense of belonging when he or she is connected to others and contributes to their world
- Every child is developing a sense of self, health, and well-being
- Every child is an active and engaged learner who explores the world with body, mind, and senses, and
- Every child is a capable communicator who expresses themselves in many ways

Our program is designed to:

- Encourage children to interact and communicate in a positive way and support their ability to self-regulate
- Foster the children's exploration, play and inquiry
- Provide child-initiated and adult-supported experiences, and
- Offer opportunities to create authentic lasting relationships with others in the program

HEALTH, SAFETY, NUTRITION AND WELL-BEING

Health and safety - As a licensed child care operator, 'Before- and After-School in Manor Park' meets all health and safety requirements of the Ministry of Education and local government by-laws. Information is posted outside our office and provided in the 'Parent Handbook'

Nutrition - Our child care license permits children to bring bagged snacks/lunches to the program each day. Nutritious foods are available to those children without snacks or lunches or for those who require a healthy snack option. Included in our parent handbook is a sample menu of nutritious snacks and lunches, safe food storage, as well as guidelines for labeling all lunch bags, food and drink containers to ensure the safety of those children with allergies and dietary restrictions.

Well-being - Each group within our program is comprised of children developmentally at the same age where each child feels valued within the group and is given individual attention when needed. Our educators are consistent, gentle and understand the children's well-being as being paramount to a quality program.

RELATIONSHIPS AMONG CHILDREN, FAMILIES, STAFF AND COMMUNITY PARTNERS

'Before- and After-School in Manor Park' acknowledges that children function in many interrelated systems; family, child care, school, and within their community. Our program strives to promote a sense of belonging for children and their families by fostering positive interactions and encouraging collaboration while maintaining MPCC's vision to provide activities that develop healthy minds, bodies and spirit within a diverse community.

Educators will ensure that parents are well-informed about their children's learning, by using pedagogical documentation to make learning visible. Rich conversation occurs when families are offered the opportunity to share their views and perception of learning, therefore educators will invite parents and caregivers to contribute by posting pedagogical documentation and questions for inquiry. In addition, encouraging the involvement of family's views on learning speaks to the MPCC's vision for fostering 'Community Spirit'.

We are committed to working collaboratively with community partners in the best interest of the children and their families. Our third party agreement is located within Manor Park Public School where it is essential to uphold a positive relationship with teachers and school administrators. This will be accomplished by maintaining on-going communication.

OUR COMMITMENT TO QUALITY CARE

Educators refer to the early learning documents, *'How Does Learning Happen?'* (HDLH) along with *Early Learning for Every Child Today* (ELECT) as a guide to shape their program's pedagogical approach. These documents, along with other resources and professional development opportunities, encourage educators to be reflective and aid them along their path of continuous professional learning.

With an emphasis on responsive, positive communication and interactions as a means to develop meaningful relationships with children, educators will guide behaviours aiding in self-regulation. Positive language and behaviours are modeled at all times when speaking with the children and other adults. The educators use numerous forms of communication (words, multiple languages and body language) to aid children in the development of their communication and problem-solving skills. Self-regulation is supported by on-going discussions to help children understand emotions and deal with situations affectively and calmly.

As defined by the Child Care and Early Years Act, the following practices are not supported:

- corporal punishment of the child;
- physical restraint of the child, such as confining the child to a high chair, car seat, stroller or other device for the purposes of discipline or in lieu of supervision, unless the physical restraint is for the purpose of preventing a child from hurting himself, herself or someone else, and is used only as a last resort and only until the risk of injury is no longer imminent;
- locking the exits of the child care centre or child care premises for the purpose of confining the child, or confining the child in an area or room without adult supervision, unless such confinement occurs during an emergency and is required as part of the licensee's emergency management policies and procedures;
- use of harsh or degrading measures or threats or use of derogatory language directed at or used in the presence of a child that would humiliate, shame or frighten the child or undermine his or her self-respect, dignity or self-worth;
- depriving the child of basic needs including food, drink, shelter, sleep, toilet use, clothing or bedding; or
- inflicting any bodily harm on children including making children eat or drink against their will.

An annual review of the program statement will be conducted by the Program Supervisor. The Program Supervisor will review the implementation and impact of all components of the statement in the Program. Any updates or modifications to the statement will be sent to the MPCC Board of Directors for review and approval. In addition, the Program Supervisor will be responsible for reviewing the program statement with all staff, students and volunteers prior to interacting with children and at any time when the program statement is modified.

- 3.2 In the unlikely event that the morning program instructor is not on-site upon arrival, the custodian will let you into the school but parents must remain with their child until the program instructor arrives.
- 3.3 Parents are expected to pick up children in the After-School program no later than 6:00 p.m and no later than 5:00pm for summer programming. Late pick-ups will be penalized at the rate of \$1.00 per minute. The Supervisor will contact families with late fees via email and set a date for payment. If late penalties are not paid on time, the child will not be allowed to attend the program. After three (3) instances of late pick-up, the MPCC reserves the right to discharge the registrant from the Extended Day Program/Summer Child Care. Late fees must be paid in exact cash or cheque to the Supervisor.

- 3.4 When picking up, parents, or their designates will communicate verbally with an Educator that they are leaving with their child.
- 3.5 Children will only be released to those adults identified on the registration form. Should it be necessary for another adult to pick up the child, parents must notify the MPCC in writing.

4. Registration

- 4.1 All children must be **PRE-REGISTERED**. One (1) registration form per child is required.
- 4.2 Registration will be accepted beginning in February for the following September and beginning of March for summer child care, as well as on an on-going basis throughout the school year, provided there is sufficient space and staff to accommodate the registrant.
- 4.3 The program can accept a limited number of participants.
- 4.4 Registration is considered complete when a completed registration form is received by the MPCC and accompanied by full payment of the administration fee and first month of child care. A signed and completed Pre-Authorized Debit agreement or post-dated cheques for the full balance of the academic year are required as outlined in section 11.
- 4.5 The MPCC values the diverse needs of children, recognizing individual abilities and nurturing development in an environment that promotes the growth of self-esteem and mutual respect. The MPCC aims to provide an inclusive environment to the best of our abilities. To best serve children in the program, we ask parents to indicate whether children receive community supports, such as, Child Integrated Support Services (CISS), Children's Aid Society (CAS), CHEO, Ottawa Children's Treatment Centre (OCTC). Please also indicate whether your child receives educational supports in school (IEP, Learning support teacher resources, behavior consultant).

5. Waitlist Selection Policy

Intent: The Manor Park Community Council (MPCC) may select registrants in the 'Child Care Registry and Waitlist' (CCRAW) and accept them into 'Before- and After-School in Manor Park' (Program). In order that the selection process is both fair and transparent, policies and procedures are established.

1. Parents will be directed to place their child on the 'Child Care Registry and Waitlist' (CCRAW) if they are seeking placement in 'Before- and After-School in Manor Park' (Program) and need a fee subsidy.
2. Parents will be directed to place their child on the CCRAW if the Program is at capacity.
3. CCRAW ranks registrants seeking placement in the Program under a fee subsidy more highly than full-fee registrants.
4. When notified by the City of Ottawa that fee subsidy funding is available, the Supervisor may initiate placement from CCRAW.
 - a. Supervisor will review the CCRAW, for registrants meeting the following ranked criteria:
 - i. A child who attended the Program with a fee subsidy in June returning to the Program in September and approved for a fee subsidy.
 - ii. A child already enrolled in the Program for whom fee subsidy has now been approved.
 - iii. A child who already has a sibling attending the Program.
 - iv. A child with special needs for whom support has become available.
 - b. A child meeting the criteria of 4a will be offered placement provided there is space available in an age-appropriate group and that transportation to the Program is available.
 - c. If no child meets the criteria of 4a, and fee subsidy funding is available, the Supervisor would offer placement to the highest ranked registrant on the CCRAW for whom space is available in an age-appropriate group and transportation to the program is available. For clarity, the highest ranked registrant is defined as the first child on CCRAW with an 'approved' status eligible to receive fee subsidy.
 - d. Once offered placement, a family has five (5) business days to complete their registration in the Program or they forfeit their spot and the selection process continues.
5. Should no fee subsidy funding be available, the Supervisor may choose to initiate placement from CCRAW.
 - a. Supervisor will sort all full-fee registrants according to the date of their registration in CCRAW.
 - b. Supervisor will review the sorted CCRAW for registrants meeting the following ranked criteria:
 - i. A child who already has a sibling attending the Program.
 - ii. A child who is returning to the Program.

- iii. A child with special needs for whom support funding has become available.
- c. A child meeting the criteria of 5b will be offered placement provided there is space available in an age-appropriate group and transportation to the Program is available.
- d. If no child meets the criteria of 5b, the Supervisor may offer placement to the highest ranked full-fee registration for whom provided space is available in an age-appropriate group and transportation to the program is available. For clarity, the highest ranked full-registration is defined as the first full-fee child listed chronologically by date of joining CCRAW.
- e. Once offered admission, the family has five (5) business days to complete their registration in the Program or they forfeit their spot and the selection process continues.
- 6. Families approved for fee subsidies and meeting ranked criteria will be prioritized over full-fee families meeting ranked criteria.
- 7. Full-fee families meeting ranked criteria will be prioritized over those families not meeting ranked criteria.
- 8. Families inquiring about their position for placement from the CCRAW will be responded to by the Supervisor.
 - a. Supervisor may review the selection criteria with the family.
 - b. Should another child(ren) better meet the selection criteria than the inquirer, the Supervisor may indicate this but without disclosing which of the specific ranked criteria is being met.
 - c. Should another child(ren) better meet the selection criteria than the inquirer, the Supervisor will not disclose any personal information about this child(ren).
 - d. Supervisor will remind inquirer that all placements are dependent upon the availability of funding (fee subsidies only), age-appropriate space, and transportation to the program.
 - e. Supervisor will advise the inquirer that all placements will be issued in writing.

6. Absenteeism

- 6.1 Fees cannot be refunded, credited or reduced due to a child's absence. No substitution can be made as a result of absenteeism.
- 6.2 Parents will notify the MPCC office when an absence is likely and the possible date of return by calling 613.558.4776 or emailing bas@manorpark.ca.

7. Code of Conduct

- 7.1 The MPCC expects participants in the Before- and After-School programs, or any other Extended Day Program, to respect the Educators, the facilities, and one another. Participants are expected to behave in a cooperative and peaceful manner.
- 7.2 If Educators become aware that a child has engaged in an unsafe activity, the principal of their school will be notified, and action may be taken pursuant to the 'Safe Schools Act'.
- 7.3 Should a child present a behavioral problem that disturbs the program's operation, staff will consult with the child's parents to find a solution. The MPCC reserves the right to review the situation, and may consider a child ineligible for participation in the program. No refund will be made.
- 7.4 Methods for promoting positive behaviour shall be age appropriate.

8. Parent Issues and Concerns Policy and Procedures

Intent: This policy will provide a transparent process for addressing issues or concerns of parents/guardians.

- 1. Parents/guardians will be encouraged to regularly discuss their child's experience in our program.
- 2. Supervisors and staff will support positive interactions among the children, parents/guardians and staff by engaging in conversation, maintaining ongoing communication, and supporting a positive experience during every interaction.
- 3. Issues and concerns raised by parents/guardians will be taken seriously by Supervisors and staff, and will be addressed with an effort to resolve them to the satisfaction of all parties as quickly as possible.
- 4. Issues or concerns may be raised verbally or in writing.
- 5. Responses and outcomes will be provided verbally, or upon request, in writing. Care will be taken to respect and maintain the confidentiality of the parties involved through the details provided in the responses.

- 8. Each issue and concern will be treated confidentially and every effort will be made to protect the privacy of parents/guardians, children, staff, students and volunteers, except when information must be disclosed for

legal reasons (e.g. to the Ministry of Education, College of Early Childhood Educators, law enforcement authorities or a Children's Aid Society).

9. The highest standards for positive interaction, communication and role-modeling for children will be maintained. Therefore, harassment and discrimination will not be tolerated from any party.
10. Any parent/guardian, Supervisor or staff feeling uncomfortable, threatened, abused or belittled may immediately end the interaction and report the situation. Parents/guardians and staff should report to the Supervisor; Supervisor should report to the Executive Director.
11. Members of the public and professionals who work closely with children are required by law to report suspected cases of child abuse or neglect.
12. A parent/guardian expressing concerns that a child is being abused or neglected, will be advised to contact the [local Children's Aid Society](#) (CAS) directly.
